

A histogram showing the distribution of values. The x-axis is labeled 'Value' and ranges from -2 to 2. The y-axis is labeled 'Count' and ranges from 0 to 6. The distribution is bimodal, with peaks around -1.5 and 1.5. The area under the curve is shaded with a gradient from blue on the left to red on the right.

A vertical color gradient bar. It starts with a bright red at the top, transitions through dark red, maroon, and deep red, then into black, dark blue, and finally a vibrant blue at the bottom. The gradient is smooth and continuous.
